"Its controversial, but I say it and I stand by it: EMR makes me a better doctor but using EMR successfully takes work"

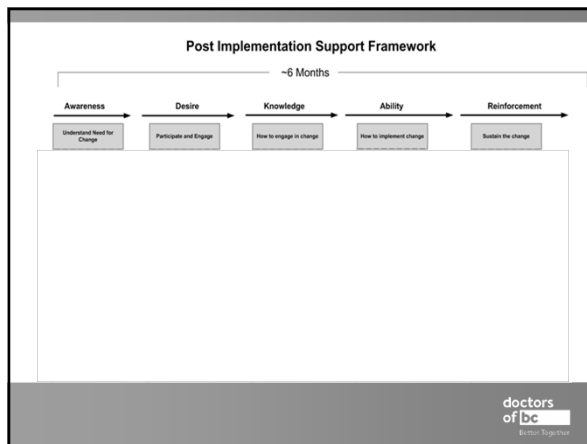

Dr David Whiting is a GP in Kelowna BC

**Dr McKnight**

"Skimming the surface of EMR use"

"superficial and inefficient use"

"Using the EMR as designed – I realize its very comprehensive and I more aware of its potential"

**It's not perfect...**

- Don't know what they don't know
- Mandate
- EMR Configuration vs. coaching
- Perverse behavior
- Significant program development & costs
- Sustainability

**doctors of bc**

**Building foundational meaningful use, requires both objective feedback and change management coaching support**

**DDR M7: Blood Pressure**

Current: 77%
